Background Check Assurance

Prior to beginning work with students of Seattle School District No. 1, community partners must ensure that staff have met the background check requirements. All paid and volunteer personnel of partners who work directly with students must pass an annual criminal background screen:

The WATCH (Washington State Patrol) background check is sufficient for individuals who meet both of the following requirements:

- have contact with students and have resided in Washington State for more than three years
- have contact with students with other unrelated (through family ties) adults present at all times.

Partners must utilize their own [WATCH](#) account for individuals who provide services to SPS students. WATCH screens are free for non-profit organizations.

A national background check is required for individuals who meet one or both of the following criteria:

- have contact with students and have resided in Washington State for less than three years from the date the background check is performed
- have contact with students without another unrelated (through family ties) adult present at all times.

The national background check is required once; in subsequent years the WATCH screen is sufficient. Partners may utilize SPS’ [national background check vendor](#) if they don't have their own background check vendor. The cost is generally \$31, but can be more if you have lived out of state.

If a positive criminal history is reported, Community Partner must share that information with the District Community Partnerships Department (notify communitypartnerships@seattleschools.org) and the District shall make a final determination as to whether that particular staff person may be assigned to a District school or student.

The following crimes will automatically disqualify a person from working with students:

Seattle School District No. 1 ("District") and the community organization named above ("Community Organization") (*collectively the "Parties"*) agree to the following:

I. STATEMENT OF INTENT:

The District is committed to the creation and implementation of collaborations with community organizations that enhance the educational program of District schools, support the achievement of the District's strategic goals, and improve academic outcomes for District students. All collaborations with community organizations must:

- a. Have measurable outcomes supporting the strategic goals of the District and individual school goals;
- b. Follow all District policies and procedures including, but not limited to, District policies relating to building use and student safety; and
- c. Continuously demonstrate substantial positive impact.

II. THIS COLLABORATION SUPPORTS THE GOALS OF THE SCHOOL(S) IT SERVES:

Each year, District schools develop a Continuous School Improvement Plan (CSIP). CSIPs detail the areas the school plans to focus on, the goals they want to achieve, and their plan to achieve the goals.

Community Organization reviewed the CSIP for the school(s) included in this MOU PST (initial)

III. STUDENT OUTCOMES FOCUSED GOVERNANCE (SOFG) GOALS AND GUARDRAILS:

Seattle Public Schools will work diligently to accomplish the goals of our strategic plan to ensure that SPS students receive a high-quality education in a safe, warm, and welcoming learning environment. To achieve this, the district has established [Student Outcomes Focused Governance \(SOFG\) goals and guardrails](#) which are aligned with Seattle Excellence, the district strategic plan. Atlantic Street Center supports goal 3: College and Career Readiness. Our agency's mission is to help families and communities raise healthy, successful children and out through direct services and advocacy for social justice and equity. Our mission aligns with supporting goal 3. We are program that provides behavioral health therapy and support to BIPOC children and youth with Medicaid insurance. A majority of the children and youth we serve have experienced trauma and have/are experiencing adverse childhood experiences. Trauma, depression, and anxiety can have negative impacts on a student's academic achievement, peer and social relationships, feelings of self-worth, and feeling connected to their community. By providing therapy that encourages emotion regulation skills, distress tolerance skills, establishing positive sense of self, etc., we are able to support young people manage stressors that may impact graduating on time.

IV. STUDENTS FURTHEST FROM EDUCATIONAL JUSTICE: At Seattle Public Schools, we are working to dramatically improve academic and life outcomes for Students of Color by disrupting the legacies of racism in our educational system. This work supports our commitment to make sure every student graduates prepared for college, a career, and community participation. Explain how your organization and services support this commitment: Our organization has several programs that support this desired outcome. Our Behavioral Health program provides therapeutic services in schools, homes, and other community spaces to reduce barriers to accessing care. We collaborate with school supports – teachers, counselors, admin, family engagement, special education case managers, etc. – to best support participants. We participate in IEP meetings to advocate and support SEL. We provide psychoeducation to school staff regarding trauma informed care, working with particular diagnoses, and helping connect treatment goals with academic and school goals. We provide cultural responsive care and have clinicians who reflect the community we serve. The skills we address in therapy align with helping participants feel empowered to engage in their community and with their peers.

V. SCOPE OF WORK:

- a. Organizational Overview: Atlantic Street Center's mission is to help families and communities raise, healthy, successful children and youth through direct services and advocacy for social justice and equity. We provide wrap-around services including early education, family support, and behavioral health services to families in need within King and North Pierce Counties. Our participants come primarily from communities of color including African Americans, immigrants, and refugees, with the vast majority classified as low-and very low-income. Atlantic Street Center has four main programs – Early Learning, Behavioral Health, Youth Development & Educating, and Gender-Based Violence.
- b. Program Description: Atlantic Street Center's Behavioral Health Program provides individual therapy, family therapy, group therapy, case management, medication management, and advocacy for children, youth and their families.
