Background Check Assurance

Prior to beginning work with students of Seattle School District No. 1, community partners must ensure that staff have met the background check requirements. All paid and volunteer personnel of partners who work directly with students must pass an annual criminal background screen:

The WATCH (Washington State Patrol) background check is sufficient for individuals who meet both of the following requirements:

- have contact with students with other unrelated (through family ties) adults present at all times.

A national background check is required for individuals who meet one or both of the following criteria:

- have contact with students and have resided in Washington State for less than three years from the date the background check is performed
- have contact with students without another unrelated (through family ties) adult present at all times.

The national background check is required once; in subsequent years the WATCH screen is sufficient. Partners may utilize SPS' [national background check vendor](#) if they don't have their own background check vendor. The cost is generally \$31, but can be more if you have lived out of state.

If a positive criminal history is reported, Community Partner must share that information with the District Community Partnerships Department (notify communitypartnerships@seattleschools.org) and the District shall make a final determination as to whether that particular staff person may be assigned to a District school or student.

If Community Organization wishes to add schools to this MOU, this MOU must be amended prior to performance.*

West Seattle High School

Seattle School District No. 1 ("District") and the community organization named above ("Community Organization") (collectively the "Parties") agree to the following:

I. STATEMENT OF INTENT:

The District is committed to the creation and implementation of collaborations with community organizations that enhance the educational program of District schools, support the achievement of the District's strategic goals, and improve academic outcomes for District students. All collaborations with community organizations must:

- a. Have measurable outcomes supporting the strategic goals of the District and individual school goals;
- b. Follow all District policies and procedures including, but not limited to, District policies relating to building use and student safety; and
- c. Continuously demonstrate substantial positive impact.

II. THIS COLLABORATION SUPPORTS THE GOALS OF THE SCHOOL(S) IT SERVES:

Each year, District schools develop a Continuous School Improvement Plan (CSIP). CSIPs detail the areas the school plans to focus on, the goals they want to achieve, and their plan to achieve the goals.

Community Organization reviewed the CSIP for the school(s) included in this MOU _____ CP _____ (initial)

III. STUDENT OUTCOMES FOCUSED GOVERNANCE (SOFG) GOALS AND GUARDRAILS:

Seattle Public Schools will work diligently to accomplish the goals of our strategic plan to ensure that SPS students receive a high-quality education in a safe, warm, and welcoming learning environment. To achieve this, the district has established [Student Outcomes Focused Governance \(SOFG\) goals and guardrails](#) which are aligned with Seattle Excellence, the district strategic plan. Please share in detail which goal you support and how: At Cancer Pathways we aim to support students through empowering education to help them lead healthy lives.

In our ‘Quit the Nic’ vaping and tobacco intervention program we will be supporting the college and career readiness goal for the district. We look at this goal aligning with the program because we are equipping students with the knowledge and tools needed to take back control over their health and ultimately propel them into leading healthier futures. The tobacco industry targets youth, especially the BIPOC community, into using nicotine products. Adopting vaping or smoking behaviors can be detrimental to a student’s academic success, mental health, and in turn impact their career readiness and future educational opportunities.

IV. STUDENTS FURTHEST FROM EDUCATIONAL JUSTICE: At Seattle Public Schools, we are working to dramatically improve academic and life outcomes for Students of Color by disrupting the legacies of racism in our educational system. This work supports our commitment to make sure every student graduates prepared for college, a career, and community participation. Explain how your organization and services support this commitment: We know from our research and training that the tobacco industry intentionally markets and targets people of color to use their products. There are disproportionate use rates that contribute to significantly negative health outcomes for people of color who use tobacco products. By helping youth end their nicotine dependence, we’re helping to break the cycle so that they won’t be set up for a lifetime addiction to nicotine. With the ‘Quit the Nic’ program we educate students and empower them with the knowledge and skills necessary to quit and lead healthier futures.

V. Scope of work:

- a. Organizational Overview: Cancer Pathways has been a leader in Northwest providing free support resources and education to community members on cancer risk reduction since 2001. For the past 18 years, we’ve been in schools delivering a program called Cancer Happens that equips students with the necessary information on how to reduce their risk of cancer, including information on vaping, successfully reaching over 123,000 students. Through our work in the classroom, we have continued to build programs to support students, staff, and administrators. Our ‘Quit the Nic’ workshops come from feedback provided by teachers and schools.
- b. Program Description: Our ‘Quit the Nic’ cessation workshop is built for students who are seeking support and want to quit using nicotine products. This is a 10-session program that students sign up on their own for. We stand out from other vaping programs because we can address the needs of all students regardless of their level of use. Additionally, we have resources for teachers, students, and parents. We have found collaboration between schools, parents, and community partners improves learning opportunities and outcomes.
- c. Program Dates & Times: TBD – looking at lunchtime starting March/ after spring break. Cancer Pathways staff will work with the school admin and students’ schedules to find a time that works and is best for the student and school.
- d. Other Applicable Information: This program is completely free to the schools. All Quit the Nic facilitators are trained with the American Lung Association’s Not On Tobacco (N.O.T.) program. Facilitators are required to stay up to date with national and local trends to deliver the intervention workshops.

VI. MEASURABLE OUTCOMES:

This collaboration has the following measurable outcomes to prove its support of strategic goals of the district and individual goals of the schools it serves:

GOAL	MEASURABLE OUTCOME
------	--------------------

Increase knowledge around the effects of using nicotine products.	Have 100% of participants who complete the program understand the effects and impacts on their overall health.
Help students understand why they're using nicotine and learn their triggers. Provide stress reduction techniques to overcome these in the future.	90% of participants articulate one or more strategies to reduce stress and increase their health in post-assessment.
Motivate participants to quit.	Have 80-100% of participants who complete the 9-week program cut back or quit using nicotine-based products.

VII. COMMUNITY ORGANIZATION/PROGRAM OPERATIONAL NEEDS:

Classroom or meeting room with a projector, whiteboard, and technology hookups if possible.

Space to place posters to invite students to sign up and/ or assist in recruitment/ referral to the program.

SCHOOL OR DISTRICT OPERATIONAL NEEDS:

Assign clinicians at school sites - provide contact information for clinicians and update school staff if there is a change in assigned clinician.

Follow school visitor/partner check-in procedures.

Provide each school with a consistent schedule for services so that space can be reserved and referrals completed.

Provide a clear referral process for schools.

Provide school with copies of releases of information with the school, and parent permission forms for youth 12 and younger, upon request and as appropriate.

Communicate with each school about students being served, upon request and as appropriate.

Participate in school-based meetings, such as IEP or MTSS, upon request and as appropriate.

VIII.

IX. COMMUNICATION:

Successful collaborations require professional communication between the Parties to support the stated goals and to achieve and track the measurable outcomes detailed in this MOU. The Parties agree to communicate as follows:

Cancer Pathways will send a list of how many students attended and the overall themes with a summary of the discussions. We will also provide the admin and district point person with the number of students who quit and completed the program. Additionally, the schools and district point person will be provided access to the post-assessment survey results to help both parties gather key takeaways, learnings, and any areas for increased support. Student data will remain anonymous in the survey to protect their anonymity. Cancer Pathways invites the district,

teachers, staff, and other applicable stakeholders to provide feedback on questions and survey data that would be equally useful for both parties.

X. PAYMENT:

No payments will be made under this agreement by either party.

XI. TERMINATION:

This MOU may be terminated by either party at any time and for any reason, with 30 days written notice. Additionally, the District may terminate this MOU with written notice, effective immediately, if the District determines that such action is necessary to avoid disruption to the educational environment of the school and/or for the health or safety its students, officials, agents, employees, or volunteers.

XII. NONDISCRIMINATION:

Community Organization will comply with the following nondiscrimination and equality in contracting provisions as mandated by federal and state law:

- a. Americans with Disabilities Act: Community Organization will comply with all applicable provisions of the Americans with Disabilities Act (ADA) in performing its obligations under this MOU and shall provide such reports and information relative to the accessibility of services as may be requested by the District.
- b. Discrimination: Community Organization will not discriminate against any employee or applicant for employment because of race, color, age, sex, marital status, sexual orientation, gender identity, political ideology, creed, religion, ancestry, national origin, or the presence of any sensory, mental or physical handicap, unless based upon a bona fide occupational qualification. Community Organization shall affirmatively attempt to ensure that applicants are employed, and that employees are treated without regard to their race, color, age, sex, marital status, sexual orientation, gender identity, political ideology, creed, religion, ancestry, national origin, or the presence of any sensory, mental or physical handicap, during their employment period. Such efforts shall include, but are not limited to the following: employment, upgrading, demotion, transfer; recruitment, layoff, rates of pay, or other forms of compensation and training.

XIII. BACKGROUND CHECK:

Community Organization agrees all officials, agents, employees, and volunteers assigned to work in a District school or with District students under this MOU will undergo a criminal history background check. Background checks must be completed before individuals are assigned to work in a District school or with District students.

Community Organization will complete "Appendix A" listing each official, agent, employee, and volunteer and the type of background check each received in accordance with the requirements below. All Community Organization officials, agents, employees, and volunteers who work with students must pass an annual criminal background screen.

- a. The WATCH (Washington State Patrol) background check is acceptable for a Community Organization official, agent, employee, or volunteer who satisfies both of the following criteria. The individual has:
 - i. Resided in Washington State for more than three years; and
 - ii. Their contact with students will always be supervised by an adult (unrelated through family ties).
- b. A national background check is required for a Community Organization official, agent, employee, or volunteer who satisfies one or both of the following criteria. The individual has:
 - i. Resided in Washington State for less than three years from the date of the background check; and/or

Community Organizations must use their own WATCH account. WATCH background checks are free for non-profit organizations. For-profit organizations must provide payment to the Washington State Patrol for background checks performed.

For individuals required to submit to a national background check, this background check is required once. In subsequent years, a WATCH background check is required. Community Organizations may utilize [Verified Volunteer](#) – the District’s national background check vendor.

If a positive criminal history is reported, Community Organization will share the information with the District’s Community Partnerships Department by contacting communitypartnerships@seattleschools.org. The District will determine if the individual may be assigned to a District school or student. Community Organization understands and agrees that as an independent contractor, employment decisions are always their own.

Community Organization understands and agrees that the District will only provide identifiable student education records to the Community Organization upon receipt/approval of both parent/guardian-signed consent to release information form(s) and an executed data sharing agreement.

Community Organization also understands and agrees that any identifiable student education records received from the District are confidential and protected by federal law, the Family Educational Rights and Privacy Act (“FERPA”), and 20 U.S.C. Section 1232g. Community Organization further agrees that identifiable student education records received from the District will not be disclosed to any other person, agency, or entity without the prior written consent of the District unless required to make such a disclosure under an applicable law or court order. XVI. RESEARCH:

Community Organization has the right to present, publish, or use student results gained in the course of its collaboration, so long as publication, presentation, or use of the results is consistent with scientific standards, is outside the scope of a current District-supported research study, and does not include personally identifiable

information of District students, staff, or parents/guardians. Should Community Organization use or collect data for the purpose of conducting a research study, Community Organization will submit a separate External Research Request prior to use or collection. To determine whether the proposed data use/collection constitutes a research study, Community Organization may reference the Research Guidelines located at https://www.seattleschools.org/wp-content/uploads/2021/07/RE_ResearchReviewGuidelines_ADA.pdf or contact the District's Office of Research & Evaluation.

XVII. INDEPENDENT CONTRACTOR:

The Parties are independent contractors. Nothing herein shall be deemed to create an employment, agency, joint venture, or partnership relationship between the Parties or any of their officials, agents, employees, or volunteers, or any other legal arrangement that would impose liability upon one party for the act or failure to act of the other party.
