Prior to beginning work with students of Seattle School District No. 1, community partners must ensure that staff have met the background check requirements. All paid and volunteer personnel of partners who work directly with students must pass an annual criminal background screen:

The WATCH (Washington State Patrol) background check is sufficient for individuals who meet both of the following requirements:

SPS & Community Organization Memorandum of Understanding

Collaboration in support of the District's Strategic Goals

SCHOOL(S)* OR DEPARTMENT: As becomes relevant, additional SPS middle and high schools will be added to this list, as also listed below, under terms of collaboration:

- Aki Kurose Middle School
- Ballard High School
- Jane Addams Middle School
- Whitman Middle School

COMMUNITY ORGANIZATION: Lutheran Community Services Northwest WISE Program

TERM OF COLLABORATION: **9/1/2023 – 8/31/2024**

Lutheran Community Services Northwest is currently serving WISE clients enrolled at the following schools:

- Aki Kurose Middle School
- Ballard High School
- Jane Addams Middle School
- Whitman Middle School

Seattle School District No. 1 ("District") and the community organization named above ("Community Organization") (*collectively the "Parties"*) agree to the following:

I. STATEMENT OF INTENT:

The District is committed to the creation and implementation of collaborations with community organizations that enhance the educational program of District schools, support the achievement of the District's strategic goals, and improve academic outcomes for District students. All collaborations with community organizations must:

- a. Have measurable outcomes supporting the strategic goals of the District and individual school goals;
- b. Follow all District policies and procedures including, but not limited to, District policies relating to building use and student safety; and
- c. Continuously demonstrate substantial positive impact.

II. THIS COLLABORATION SUPPORTS THE GOALS OF THE SCHOOL(S) IT SERVES:

Each year, District schools develop a Continuous School Improvement Plan (CSIP). CSIPs detail the areas the school plans to focus on, the goals they want to achieve, and their plan to achieve the goals.

Community Organization reviewed the CSIP for the school(s) included in this MOU D.D. (initial)

III. STUDENT OUTCOMES FOCUSED GOVERNANCE (SOFG) GOALS AND GUARDRAILS:

Seattle Public Schools will work diligently to accomplish the goals of our strategic plan to ensure that SPS students receive a high-quality education in a safe, warm, and welcoming learning environment. To achieve this, the district has established [Student Outcomes Focused Governance \(SOFG\) goals and guardrails](#) which are aligned with Seattle Excellence, the district strategic plan. Please share in detail which goal you support and how:

LCSNW's WISE program supports goal 3 (college and career readiness) through implementing person-centered interventions that ensures success in the following guardrails set by the district: engagement, operations, districtwide vision and anti-racism, discipline, and safe and welcoming.

WISE utilizes the Child, Adolescent, Needs and Strengths (CANS) assessment tool to measure youth and family progress toward goals, which includes college and career readiness nested in the assessment's education domain. All WISE staff are required to become CANS certified to assess ongoing youth and family needs, and to partner with the family in exploring how to address these needs. These assessments are performed every 90 days, and CANS results must be incorporated into youth and family service plans to ensure the family, WISE team, and community partners address needs affecting either a youth's or family's needs. Prior to incorporating CANS-identified needs into service plans, the WISE team must review CANS findings with the youth and family to determine which specific sections a family needs immediately addressed within the next 90 days. Currently, 100 percent of enrolled families successfully discharge from WISE services within three reassessment periods (270 days total, or nine months). The current enrollment mean is six months.

IV. STUDENTS FURTHEST FROM EDUCATIONAL JUSTICE: At Seattle Public Schools, we are working to dramatically improve academic and life outcomes for Students of Color by disrupting the legacies of racism in our educational system. This work supports our commitment to make sure every student graduates prepared for college, a career, and community participation. Explain how your organization and services support this commitment:

As part of training, all staff undergo training specific to working with refugees. "Walking Together," a training that specializes in the challenges of refugee experiences, guides staff through common barriers refugees face, and how specific treatment planning looks to effectively serve refugee needs. This training further addresses symptoms, warning signs, and interventions for vicarious trauma that staff and adjacent family members or community support members may experience in serving this population. WISE's direct-service staff is 82 percent BIPOC to reflect the populations with which WISE serves, and staff speak 13 languages to provide services in families' native languages to reduce barriers of care at home, school, and in the community where services occur.

V. SCOPE OF WORK:

- a. **Organizational Overview:** Lutheran Community Services Northwest (LCSNW) partners with individuals, families, and communities for health, justice, and hope in the Puget Sound since 1921. LCSNW has more than 30 offices in eight regional districts covering Washington, Oregon, and Boise, Idaho, with each program designed to meet the unique needs of regional communities. LCSNW operates in five areas of service: behavioral health, child welfare, senior services, refugees and immigrants, and family and community support. Last year, LCSNW served 42,409 vulnerable individuals and families. To date, LCSNW's WISE program in King County has served 103 families.
- b. **Program Description:** WISE at LCSNW serves youth and families experiencing behavioral health crises and/or in need of intensive stabilization services. Eligible youth and families must be enrolled in Medicaid, and LCSNW's WISE program specializes in serving immigrant and refugee youth and families. Direct-service staff speaks a total of 13 languages to reduce barriers in supporting youth and families in expressing their current

needs, as well as in supporting families in facilitating long-term partnerships to increase community and professional supports. WISE enrollment includes weekly attendance and engagement in behavioral health services with a licensed mental health clinician, weekly attendance and engagement with a certified peer support specialist/counselor, and weekly attendance and engagement with a care coordinator, who facilitates community-level supports to address ongoing youth and family needs.

- c. Program Dates & Times: LCNSW WISE is requesting the ability to provide services to enrolled students during school hours throughout the school year.
- d. Other Applicable Information: Due to a state objective that WISE work with youth and families to achieve crisis stabilization, LCSNW will liaise with Lisa Davidson at Seattle Public Schools to add the names of schools to ongoing collaboration to proactively serve Seattle Public Schools youth enrolled in WISE that include intensive case management and behavioral health services.

VI. MEASURABLE OUTCOMES:

This collaboration has the following measurable outcomes to prove its support of strategic goals of the district and individual goals of the schools it serves:

GOAL	MEASURABLE OUTCOME
Students of color who are furthest from educational justice will graduate ready for college and career	100% of age appropriate students of color served by LCNSW graduate and move forward to college and/or career
Families and communities who represent students of color who are furthest from educational justice will have meaningful voice in school and district initiatives	LCSNW will participate in community partner participation surveys. SPS staff participation in each youth's child and family team meetings.
Develop operational systems that provide a predictable and consistent experience to meet the needs of students and families and allow them to focus on learning.	LCSNW will provide consistent communication with each referral received from SPS, and will maintain consistent communication and partnership with SPS and the youth/family being served.
